

The background of the entire page is a night cityscape, likely Kuala Lumpur, featuring the Petronas Twin Towers. Overlaid on this are numerous vertical lines of varying heights and colors (blue, purple, red) that represent data or network connections. The lines are more densely packed in the foreground and become sparser towards the horizon. The sky is a deep blue, and the city lights are visible through the digital overlay.

ساديتا

أوراكسل هي احدى شركات مجموعة ساديتا القابضة ، التي تأسست في عام 2006 كشركة قابضة في الكويت ، مملوكة للسيد/ فوزان الفوزان لغرض توحيد حصصه في الشركات القائمة التي تأسست منذ عام 1982. تسعى شركة ساديتا جاهدة لتعزيز مكانتها المتنامية من خلال إنشاء شركات فرعية في مختلف المناطق والقطاعات.

خدمات أوراكسل

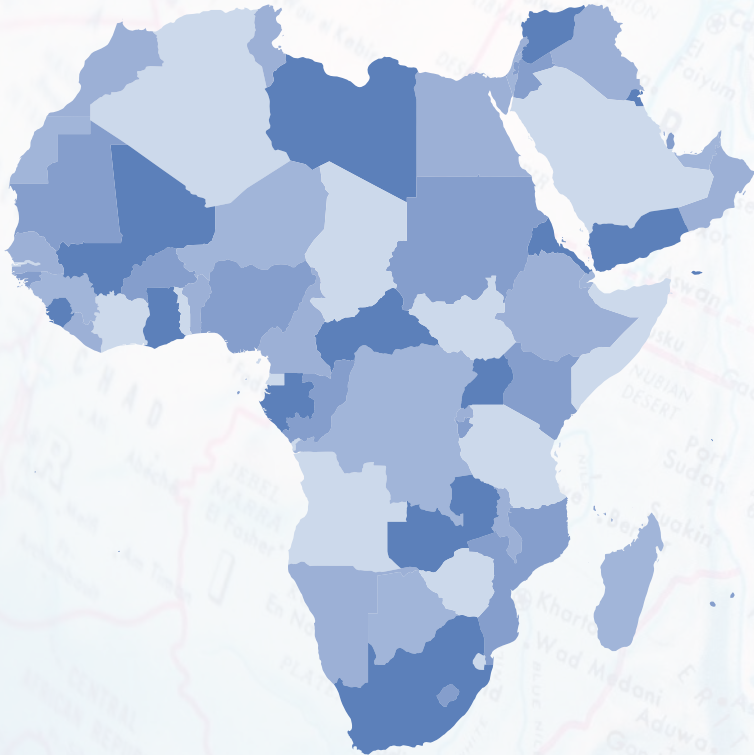

منذ تأسيسها في مايو 2013 كشركة تابعة جديدة لشركة SADITA القابضة ، تتميز أوراكسل في توفير أحدث التقنيات في مجال الاتصالات وخدمات تكنولوجيا المعلومات، وتغطي حاليًا الكويت والعراق والإمارات العربية المتحدة وكندا مع عدم وجود فروع أخرى، وتهدف إلى التوسع في المستقبل لتغطية جميع مناطق الخليج العربي والشرق الأوسط وأفريقيا.

كما تهدف أوراكسل إلى تقديم أطول سلسلة من التقنيات وتسخيرها لخدمة قطاع الاتصالات بسبب التقارب الكبير بينها والتي ظهرت بالفعل في العديد من الجوانب خلال العقد الماضي.

رؤية أوراكسل

رؤيتنا هي أن نكون اسمًا مميزًا في مجال
تكنولوجيا المعلومات والاتصالات في منطقة
الشرق الأوسط وأفريقيا.

مهمة أوراكسل

أن نكون مؤسسة تقنية عالمية المستوى ديناميكية ومستوحاة وذات دوافع ذاتية ، وأن نقدم أفضل الخدمات والمنتجات والحلول عالية التقنية في أسواقها التي تخدمها.

استراتيجية أوراكسل

أن نكون شركاء استراتيجيين لمشغلي تكنولوجيا المعلومات والاتصالات والموردين في المنطقة لتقديم الخدمات والمنتجات اللازمة لأداء عملياتهم. توظيف أفضل الموارد وتحسين مهاراتهم من خلال التدريب المستمر وتطويرهم، وتوظيفهم بكفاءة لمواصلة تقديم أفضل الخدمات والمنتجات. تنظيم الأقسام لكل منتج أو خدمة ، بروح تعاون عالية لتقديم الأفضل للعملاء.

خطة العمل - الملخص التنفيذي

بعد حدوث ثورة الاتصالات السلكية واللاسلكية ، التي أدت إلى العديد من التحديات من حيث الهياكل المخططة الحالية والمستقبلية. وتحرير الخدمة الهاتفية المحلية وبعيدة المدى ، تسارعت المنافسة والبحث عن كل ركن من منتجات وخدمات الاتصالات لكل من المستهلكين والشركات. منذ زمن بعيد ، كان المستهلكون مرتبطين بهاتف ثابت برقم هاتفه الثابت. بعد ذلك انتشرت الهواتف المحمولة والخلوية لتلبية الطلب على الاتصالات في أي وقت وفي أي مكان في العالم. الشركات التي لم تتوقع التغيير - أو لم تواكبه - سرعان ما تتحول إلى مقبرة تكنولوجية ومالية.

لكن هدفنا تم استبدال القوة المالية بجودة الإدارة وعمقها وسرعة التنفيذ باعتبارها الحكم النهائي في السوق.

الخدمات المقدمة :

تتمتع أوراكسل سليوشنز بوضع جيد يجعلها رائدة في سوق الاتصالات الشخصية والتجارية. ومن خلال التوسع رأسياً وأفقياً لتحقيق هذا الهدف ستكون خطة الإدارة خلال السنوات القادمة.

تقدم أوراكسل سليوشنز العديد من الخدمات المطلوبة وفقاً لما يلي:

- تركيب معدات الاتصالات وتكنولوجيا المعلومات.
- تكوين ودعم معدات الاتصالات وتكنولوجيا المعلومات.
- الاعمال المدنية وتجهيز الابرار والمعدات لمواقع الاتصالات.
- إدارة وصيانته الطاقة لمواقع الاتصالات والدعم.
- الخدمات الاداريه للاتصالات وتقنية المعلومات.
- توريد معدات الاتصالات وتكنولوجيا المعلومات.
- ادارة ودعم الشبكات.
- خدمات المنازل الذكيه.
- الاجهزه الامنيه.

المنتجات والخدمات المستقبلية:

- خدمات الاتصالات وتكنولوجيا المعلومات ذات القيمة المضافة والدعم.
- تثبيت خدمات الشبكة الذكية وتكوينها مدعومه بالصيانه والدعم.
- تثبيت خدمات الشبكة الأساسية وتكوينها مدعومه بالصيانه والدعم.
- التوسع في مشاريع الصيانه وادارة العمليات.

- Managed Services for telecommunication and IT.
- Supply of Telecommunications and IT equipment.
- Rollout and Operations Support.

Business Plan-Executive Summary

The telecommunications revolution has arrived, leading to many challenges in terms of current and future planned structures. Deregulation of local and long distance telephone service, competition has accelerated and sought out every nook and cranny of telecom products and services for both consumers and businesses. Long time ago, consumers were tied to a fixed phone with its fixed phone number. Mobile and cellular phones have proliferated to meet the demand for communication anytime, anywhere in the world. Companies that have not foreseen change—or kept up—are quickly consigned to the technological and financial graveyard. Financial muscle has been displaced by quality and depth of management and speed of execution as the final arbiter in the marketplace.

Oraxel Strategy

- Become strategic partners for IT & communications operators and vendors in the region to provide needed services and products to perform their operations.
- Hire the best resources and improve their skills by continuous training, and employ them efficiently to keep delivering best services and products.
- Organize departments per product or service, with high cooperation spirit to deliver the best to customer.

Oraxel Mission

To be a world class technology organization that is dynamic, inspired , self-motivated , and to provide the best, high-tech services, products, and solutions in its serving markets.

Oraxel Vision

Our vision is to be a distinguished name in the field of IT & Communications in Africa and MEA region.

Oraxel's Services

Since its establishment in May 2013 as a new subsidiary of SADITA holding company, Oraxel is specialized in providing the latest technologies in Communication, Telecommunication, and IT Services, covering currently Kuwait and Iraq with no other branches in the region and aiming to expand in future to cover all Arab Gulf, Middle East and African regions. Oraxel aims to deliver these services due to the high convergence between of such technologies, which already appeared in many aspects during last decade.

SADITA

SADITA

Oraxel is part of SADITA Holding Group , which was established in 2006 as a holding company in Kuwait, owned by Mr . Fozan Al Fozan for the purpose of consolidating his shares in the existing companies established since 1982.

SADITA strives to strengthen its growing position by establishing subsidiary companies in different regions and sectors.
